Opening on March 13, from 6 pm to 9pm, on the occasion of La Nuit des Bains.

The Xippas Gallery presents *_Forever in Motion_*, a group exhibition bringing together meticulously chosen works by renowned contemporary artists: Joseph Cornell, Ólafur Elíasson, Philippe Hiquily, Robert Irwin, Tony Oursler, Steven Parrino, Jesús Rafael Soto, Takis and Jean Tinguely.

Spanning different generations and artistic movements, these artists share an attraction for motion—whether mechanical, optical, conceptual, or even metaphysical. Through kinetic structures, immersive environments, and perceptual experiments, *_Forever in Motion_* blurs the boundaries between stillness and dynamism, object and viewer, presence and illusion. The exhibition highlights how the notion of movement, in all its forms, continues to redefine our experience of art and space.
